RPL AND CREDIT TRANSFER

In accordance with the requirements of the Australian VET Framework, Steven Millard & Associates Pty Ltd provides the opportunity for students to apply to have prior learning recognised toward a qualification or units of competence for which they are enrolled.

What is recognition?

Recognition involves the assessment of previously unrecognised skills and knowledge that an individual has achieved outside the formal education and training system. Recognition assesses this unrecognised learning against the requirements of a unit of competence, in respect of both entry requirements and outcomes to be achieved. By removing the need for duplication of learning, recognition encourages an individual to continue upgrading their skills and knowledge through structured education and training towards formal qualifications and improved employment outcomes. This has benefits for the individual and industry. Most importantly, it should be noted that recognition is just another form of assessment.

Recognition guidelines

The following guidelines are to be followed when an application for recognition is received:

Any student is entitled to apply for recognition in a course or qualification in which they are currently enrolled.

Students may not apply for recognition for units of competence or a qualification which are not included in Steven Millard & Associates Pty Ltd's scope of registration.

Whilst students may apply for recognition at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the student down a more efficient path to competence.

Students who are currently enrolled in a training program are eligible to apply for recognition in that program at no additional charge.

Assessment via recognition is to apply the principles of assessment and the rules of evidence.

Recognition may only be awarded for whole units of competence.

Forms of evidence

Recognition acknowledges that workplace skills and knowledge may be gained through a variety of ways including both formal and informal learning or through work-based or life experience.

Like assessment, recognition is a process whereby evidence is collected and a judgement is made by an assessor or assessment team. The judgement is made on evidence provided by candidates of the skills and knowledge that they have previously learnt through work, study, life and other experiences, and that they are currently using. It also includes evidence to confirm a candidate's ability to adapt prior learning or current competence to the context of the intended workplace or industry.

Forms of evidence toward recognition may include:

- Work records;
- Records of workplace training;
- Assessments of current skills;
- Assessments of current knowledge;
- Third party reports from current and previous supervisors or managers;
- Evidence of relevant unpaid or volunteer experience;
- Examples of work products;
- Observation by an assessor in the workplace;
- Performance appraisal; or
- Duty statements.

Many of these forms of evidence would not be sufficient on their own. When combined together, with a number of evidence items, the candidate will start to provide a strong case for competence. Steven Millard & Associates Pty Ltd reserves the right to require candidates to undertake practical assessment activities of skills and knowledge in order to satisfy itself of a candidate's current competence.

Getting credit for your current competence

Steven Millard & Associates Pty Ltd acknowledges the requirement as an RTO to recognise the awards issued by other RTOs. This is limited to outcomes that are drawn from the national skills framework being units of competence awarded and accurately identified in statements of attainment and qualifications.

What is credit transfer?

Credit transfer is the recognition of learning achieved through formal education and training. Under the Australian VET Framework, qualifications and statements of attainment issued by any RTO are to be accepted and recognised by all other RTOs. Credit Transfer allows a student to be awarded a unit of competency/module based on successful completion of the unit which has been previously awarded.

Evidence requirements

An applicant will be required to present his or her statement of attainment or qualification for examination by Steven Millard & Associates Pty Ltd. These documents will provide the detail of what units of competence the applicant has been previously issued. Applicants must provide satisfactory evidence that the statement of attainment or qualification is theirs and that it has been issued by an Australian RTO. Statements of attainment or qualifications should be in the correct format as outlined in the Australian Qualifications Framework Implementation Handbook. The applicant is required to submit copies only which are certified as a true copies of the original by a Justice of the Peace (or equivalent).

Credit transfer guidelines

The following guidelines are to be followed in relation to credit transfers:

Any student is entitled to apply for credit transfer in a course or qualification in which they are currently enrolled.

Students may not apply for credit transfer for units of competence or qualification which are not included in Steven Millard & Associates Pty Ltd's scope of registration.

Whilst students may apply for credit transfer at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the student down a more efficient path to competence.

The student does not incur any fees for credit transfer and Steven Millard & Associates Pty Ltd does not receive any funding when credit transfer is granted.

Credit transfer may only be awarded for whole units of competence. Where a mapping guide identifies a partial credit, this will not be considered for credit transfer and applicants will be advised to seek recognition.
